

Team 3824 Presents:

Alien X

Celebrating TEN years of Innovation and Excellence

2-Speed West Coast Chain-in-tube Drive - Grip, speed, mobility and durability.

Climb Capability - Two independent climb arms are capable of latching on the bar at different heights and from both directions.

Pneumatic Intake - Quick deploy and retraction, funnels fuel into chamber for quick use

Instrumented Fuel Cell chamber - can hold five fuel cells with indexing for reliable feeding.

Launcher -- Rapid launcher with enough power for long-range shots.

Auto-Alignment with Vision - For accurate, efficient launching of fuel cells.

Skilled Drive Team - 3 members returning from 2019 Championships
